Inteliscope employees share their experience ...

"The requirement from customers is to deliver applications that are of high quality and user friendly, the fulfilment of such requirements is much easier when working at Inteliscope since colleagues and management are "user friendly.""

Aliki Patsalidou Katsavra

"The great working environment and the proven appreciation from the management are highly motivating and result in the excellent quality of our work."

Constantinos Michael

"Inteliscope fulfils my career expectations in all ways! Friendly environment, exposure to real-world information solutions, up-to-day with technology trends, growth career opportunities, success and rewards, are some of the factors that make me enjoy everyday work duties and activities."

Nicoletta Nicolaidou

"The challenges I have to handle on a daily basis enhance my enthusiasm for working at inteliscope."

Katerina Neophytou

"While working at inteliscope, I have a constant exposure on new technologies and gained a lot of expertise by developing high quality technical solutions. Another plus is the excellent working environment."

Andreas Angelides

"The excellent quality of the solutions delivered arises from the fact that colleagues and management are all like a family."

Eleni Tsiakkouri
